Parents, Students, Friends and Family: *please make an effort to come if you can! This is a VERY important event for our Team – Thom gives us so much, and this is our way of giving BACK to him.* Please try to show your support!

Thanks,
Clinton and Brandi

- While at all Team Events, Students should focus on concentrating their efforts to toward the goals of the Team. Students should refrain from partaking in activities that interfere with their own personal productivity or prohibit others from accomplishing their objective(s). All Team Members and their guests will respect the property of the Team and Premier Tooling Systems, leave their workspace in better condition than when they found it, and actively strive to engage in the task at hand. (Quoted from the VEX Team Member Contract)
- Team Members attending Team Demonstrations should conduct themselves in a manner concurrent to the Competition expectations. In addition, Team Members should actively interact with on-lookers to encourage interest in the Team's activities, and enthusiastically engage in conversations about the Team's goals and purpose.
