Hey NERDs!

This November, we are attending a "Girls Showcase" FIRST Robotics Competition. Although the girls will be driving and fixing the robot, Male team members ARE STILL ENCOURAGED TO ATTEND, and will be allowed in the pit throughout the competition (more details listed below). This is a great opportunity for new Team members and parents to see a FIRST Robotics Competition, and start to find their role on the team for the upcoming 2015-2016 FIRST Robotics season.

The agenda below will explain the tentative schedule of events as well as the expectations of students, mentors, parents, and guests who are attending. Please either print this document or save a version on your phone, and keep it with you throughout the event. The EngiNERDs strives to teach its Team members responsibility and punctuality, and having a copy of the agenda is an important step in this process.

If you have any questions, or would like clarification on any of the items listed below, please feel free to contact one of the Team's Head Mentors via the information listed at the top of this document.

Thanks,
Clinton and Brandi
