Grand Blanc High School Robotics Team 2015 VEX Robotics Team

Instructions for Downloading RobotC Trial

Brandi Bolinger
bbolinger@gmail.com
248.249.1983

Mentors to ask if you have questions: Clinton Bolinger, Cathy Fillwock or Sean Lynch

IMPORTANT NOTE: This is only a TRIAL of RobotC, and will only last 10 days. The Team does not own enough licenses of this software for complete installation/upgrade on Team Members' personal computers. Download will take approximately 5-10 minutes, depending on your internet connection.

If you plan to complete a deliverable at home that requires Team Materials, you MAY NOT remove ANY ITEMS that belong to the Team from Premier Tooling Systems unless you have permission from Clinton Bolinger, and have signed the Transfer of Goods contract. Failure to comply may result in your dismissal from the Team.

You Will Need the Following Items:

1. A personal laptop that you can use at home (with power cord)
2. A stable internet connection

Instructions to Download:

1. Go to <http://www.robotc.net/>
2. Click on the blue box that says Free Trial Download
3. Click on the box that says ROBOTC for VEX Robotics
4. Click on the blue box that says Download version 4.50
5. Double click the .exe file to install
6. Select Yes
7. Select Next
8. Select I accept the terms in the license agreement
9. Select Next
10. Select Next
11. Ensure Complete is selected, Select Next
12. Click Install

After RobotC installs on your computer:

1. Open the program
2. Select Robot, Platform Type, VEX Robotics, VEX 2.0 Cortex.

If You're Completing Deliverables:

1. Create a new folder on your computer titled "2015 Programming deliverables"
2. Download the TWO Files that are available in the "Programming Resources" section of the VEX Deliverables website – SAVE THEM TO THE FILE YOU CREATED ABOVE.
3. Open the file(s) to complete the deliverables.
